

# Dig Deeper: Additional Resources

## Section 5

### Interactive Links

The links in this section provide resources that go beyond a relevant news article or blog post. They feature informative and interactive web maps, story maps built using ArcGIS Online, and even labs or other exercises. We hope that you take a moment to explore each of them to learn more about this section.

Story map showing the importance of supply chain management:

[The Reach of Supply Chain Management: Seeing is Believing](#)

An interesting story map that illustrates the importance of a global supply chain:

[Location Analysis for Supply Chain: Journey of a Car Battery](#)

An interactive story map that shows the 50 largest container ports in the world:

[Giant Container Ports Stitch Together the Global Economy](#)

### Other Links
