

# Dig Deeper: Additional Resources

## Section 1

### Interactive Links

The links in this section provide resources that go beyond a relevant news article or blog post. They feature informative and interactive web maps, story maps built using ArcGIS Online, and even labs or other exercises. We hope that you take a moment to explore each of them to learn more about this section.

A set of maps that are all about location:

[Esri Cool Maps](#)

A set of live web maps from Esri:

[Maps We Love](#)

A look-up service that lets you find definitions for GIS terms you encounter:

[GIS Dictionary](#)

### Other Links

We encourage you to visit these additional interesting and relevant resources to learn current information about this section's topics.

[The Science of Business video](#)

[Walgreens' geocentric approach](#)

[Five things you didn't know GIS could do - a short slideshow](#)

[Spatial Reserves, a blog on data, data quality, crowdsourcing, privacy, and more](#)
